PROFESSIONAL SUMMARY

Results-driven **Junior Software Engineer / Full-Stack .NET Developer** with hands-on enterprise application development training via the prestigious **IsDB-BISEW IT Scholarship Programme** (Round 70, Trainee ID: 1294926). Proven expertise building high-performance RESTful Web APIs, scalable relational databases, and dynamic SPAs using **C#, ASP.NET Core (.NET 9/8), EF Core, SQL Server (T-SQL), React 19, and Angular**. Active contributor to a live production mobile app on **Google Play (10K+ downloads)**. Brings an analytical background with an Economics degree from the **University of Dhaka** and an **IELTS Band 7.5**.

TECHNICAL SKILLS

- **Backend Development:** C# (.NET 9/8, .NET Framework 4.8), ASP.NET Core Web API, Minimal APIs, ASP.NET MVC 5, Web API 2, Node.js, Express.js
- **Databases & ORM:** Microsoft SQL Server (T-SQL, Stored Procs, TVPs, Transactions, Schemabound Views, UDFs, Indexing), EF Core, EF6, ADO.NET, MongoDB
- **Frontend & Mobile:** React 19 / 18, TypeScript, JavaScript (ES6+), Angular (Standalone), Flutter/Dart, HTML5, CSS3, Bootstrap 5, Vite, Axios, EJS
- **Architecture & Security:** 3-Tier Architecture, Master-Detail Systems, Repository Pattern, Factory Pattern, DTOs, JWT Bearer, OWIN OAuth 2.0, bcrypt, CORS
- **Tools & Platforms:** Visual Studio 2022, VS Code, SSMS, Git, GitHub (Branching, PRs), Postman, Google Play Console, Swagger/OpenAPI, Azure

FEATURED SOFTWARE & MOBILE PROJECTS

Candela — HSC Physics & Math Mobile App | Flutter, Dart, Mobile Architecture • 10K+ Installs • 4.6★ [Google Play](#) ■

- Contributed as co-developer to production Android educational app live on **Google Play Store with 10,000+ active installs** and a **4.6★ user rating across 570+ reviews**.
- Structured core formula indexation, offline mathematical study modules, responsive mobile UI views, and optimized client navigation workflows.

ProductCatalogSPA & Product Management System | C#, ASP.NET Core (.NET 9), EF Core, SQL Server, React 19, Angular [GitHub](#) ■

- Architected high-throughput RESTful Web API with single-controller CRUD routing, normalized Category-Product-Brand relations, and automated database seeding (`EnsureCreated()`).
- Built dual clients: Angular client with dynamic brand row insertions and cascading deletes; React 19 client with Table and Card/Grid views and instant search filtering.

TechNova — Real-Time Tech Hardware E-Commerce | Node.js, Express.js, MongoDB (Mongoose), WebSockets, bcrypt [GitHub](#) ■

- Developed full-stack e-commerce hardware store with product catalogs, shopping cart sessions, cash-on-delivery checkout, and MongoDB normalized document models.
- Integrated bi-directional **WebSockets** (`ws`) to push live inventory levels without polling; automated invoice QR Code generation and transactional emails via Nodemailer.

Employee Master-Details Enterprise Management | ASP.NET Core Web API, EF Core, SQL Server, React 18, TypeScript [GitHub](#) ■

- Engineered master-detail persistence resolving multipart payload constraints by combining binary image streams with client-serialized JSON strings (`EXperiencesString`).
- Designed transactional **Wipe & Re-insert** pattern in HTTP PUT endpoint to synchronize child collections without orphaned records; applied `AsNoTracking()` query optimization.

PROFESSIONAL EXPERIENCE & IT TRAINING

Enterprise Systems Analysis & Design with C# .NET — IsDB-BISEW IT Scholarship Programme (SCSL) Jan 2026 – Oct 2026

- Completed intensive 9-month professional software engineering curriculum (Trainee ID: **1294926**, Round 70), dedicating 1,000+ hours to enterprise software development.
- Built and deployed 8+ full-stack applications; served as backend and database lead on capstone **Skill-Commerce** hyperlocal marketplace.

Management Trainee Officer — Marico Bangladesh Limited, Dhaka 2021 – 2022

- Analyzed commercial KPIs, regional market trends, and distribution performance metrics; collaborated with cross-functional commercial teams to deliver quantitative executive presentations.

IT Workshop Coordinator / ICT Instructor — Freelance / Community Initiatives, Dhaka Prior Experience

- Instructed students and trainees in computer fundamentals, relational database logic, and productivity workflows.
